Dear Residents

Summertime is here! Many people are moving around and some are moving too fast. Be alert and careful in your travels.

The Lead Line Survey has been completed. Lead line replacements will begin soon, starting with the daycares, and the residential lead line replacement is scheduled to begin Spring of 2025.

The Village will be doing additional sidewalk repairs this year. Unfortunately, not all sidewalk repairs can be done this year, but more repairs will be done in 2025.

Some residents may see higher tax bills. This is largely due to reductions granted to commercial property appeals across the South and West suburbs. The commercial reductions cause the tax burden to shift to residential properties. Other factors include; increase in levies from schools and higher home values For more information visit cookcountyassessor.com website.
