Resident,

The water line repairs have been completed. The water service affected in your area West of Torrence Avenue and East of Torrence Avenue now has water service again. Residents that experienced no water or very low pressure have been issued a temporary boil order for your home.

**We will notify you thru a notice on our website or by CodeRed when the boil order is lifted.**

Residents that receive this Code Red notification, and know of any residents in Burnham that have not signed up, we encourage that you inform them to sign up and they will be able to receive notifications in the future or any notices that are sent from the Village of Burnham. Again we apologize for the inconvenience and thank you for your cooperation.

Sincerely,  
-Burnham Water Department.
