December 3, 2024

Resident,

The boil order in your area has been lifted. The area West of Torrence Avenue and East of Torrence Avenue

The Village of Burnham Water Department advises consumers to flush water pipes within their homes. Flush every sink and bathtub for at least 5 minutes until sediment or discoloration has subsided. Some types of water treatment devices may need to be disinfected and flushed to remove any contaminated water before use. Depending on the type of water treatment device, the device may need to be replaced. Check with the manufacturer for details.

We apologize for the inconvenience and thank you for your cooperation.

Sincerely,

Burnham Water Dept.
